ABOUT ME

I'm a computer science graduate and I'm a passionate web developer specializing in the React framework and WordPress. With a keen eye for detail and a dedication to creating seamless, user-friendly web applications, I thrive on bringing innovative ideas to life on the web. Currently, I'm expanding my expertise by diving into the MERN stack, enhancing my skills and broadening my capabilities in full-stack development. My goal is to continuously grow and leverage my technical knowledge to deliver exceptional digital experiences.
